The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Clinton River Confined Disposal Facility for fiscal year 2024. The entity to receive funding for this project is the United States Army Corps of Engineers. The project will help to address the Polychlorinated biphenyls (PCBs) that are contained in the Clinton River sediment, which would need to be placed in a confined disposal facility. The project is an appropriate use of taxpayer funds because it addresses an environmental degradation in the Clinton River and helps facilitate a vital infrastructure project in the district.

The project has a Federal nexus because the funding provided is for purposes authorized by Rivers & Harbors Act of 5 Aug 1886, Chapter 929.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
